Remember the Beautiful Things . . .

All the Confusion and Planning

Confusion and planning are only two of the essential parts of daily school life. We are constantly surrounded by confusion with our daily school routine.

Confusion and planning often go hand in hand. They seem to counteract each other.

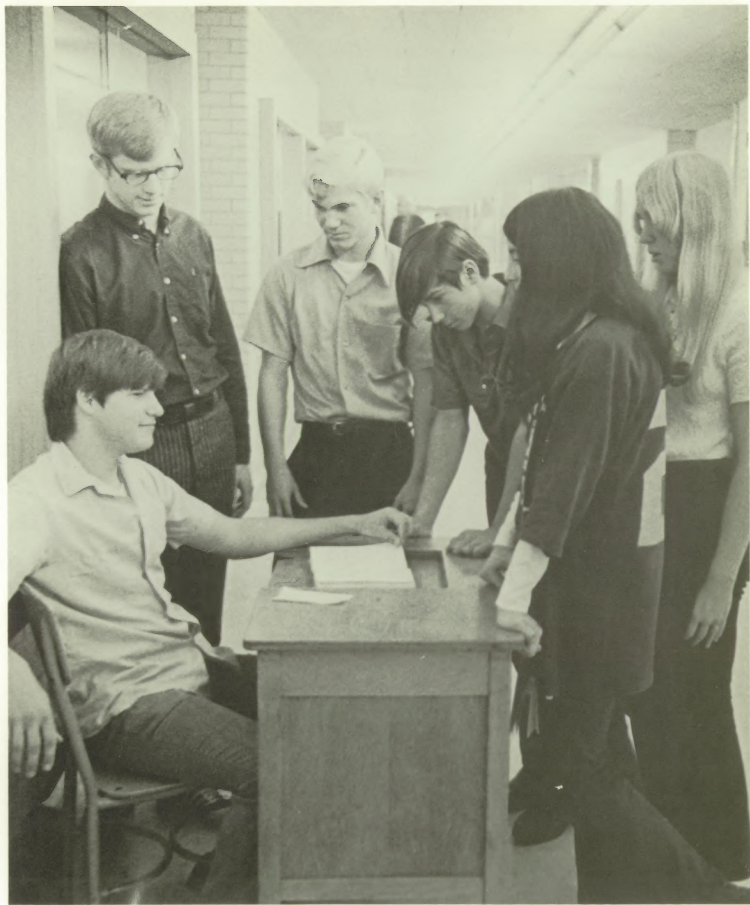

Confusion is to mix up; to bring about a disorder or to jumble. It is to bewilder. It perplexes the mind or ideas of the mind.

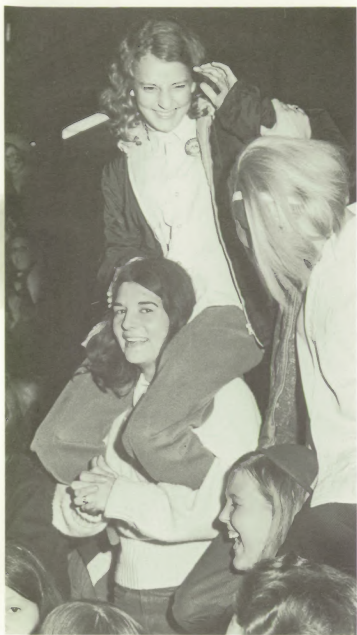

Planning is scheming for the making, doing, or arranging of something—a project or a schedule. It is an outline of future ideas or actions.

Confusion is illustrated when we see a young student enter the library for the first time. He is bewildered by the vast amount of knowledge and books at his disposal.

The peak of confusion is witnessed when students are seen leaving and entering the cafeteria between lunch modules.

Confusion and planning are basic parts of each student's daily schedule.

Happy Faces And Good Times

Remember the Thrills and

The strains of competition are shown in several ways—moods, expressions, and actions. It is not only limited to the thrilling competition of athletics. Competition is the act of striving against another; it is achieving superiority; it is seeking a rivalry.

The emotional pressures of competition are clearly expressed by our actions and facial expressions.

Gavit students express a feeling of competitive spirit during a nail-biting football joust. There is anxiety and a desire to reach the top.

The competitive spirit in academics is much more subtle than in athletic contests. Here emotions and tensions are not as freely released as at a sports event. Not all of us reach the height of our capabilities as is sometimes shown when report cards are issued.

An achievement test, a football game, an outstanding report card; all involve the strain of competition.

Tim Flener strains to bridge that last hurdle.

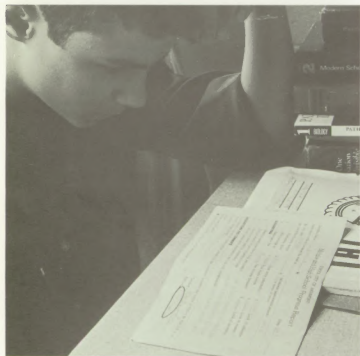

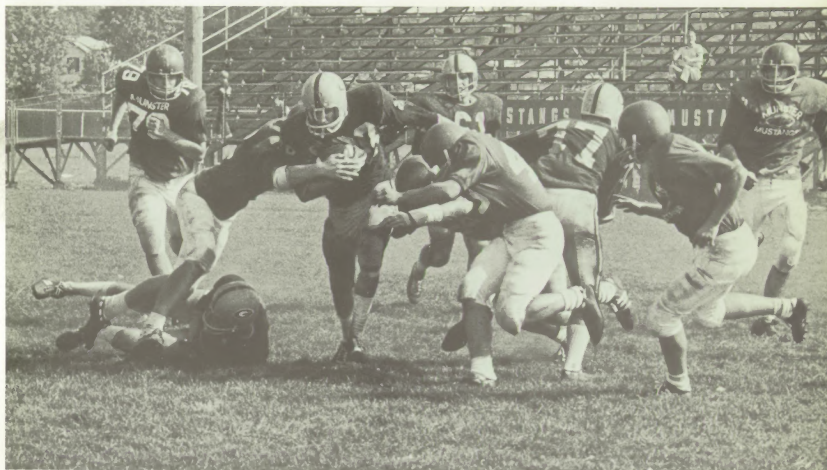

Joe Labus grunts with effort as he kicks a goal.

Relaxing Moments In a Busy Day

Relaxing moments are times when Gavit students get away from it all. They rest in the lounge or in the new Gavit park. They talk with their friends during module breaks. They relax in study halls. They go outside for lunch.

The Atrium is a good place for students to relax after school and after a hard day's work. Students can rest on a sofa, or a comfortable chair. They can watch TV, listen to the radio or stereo, or "rap" with their friends.

The new Gavit park is a scenic place to relax. With the addition of trees, grass, and the unique "G" bench, school life is a little more relaxing.

Students take time to catch up on the day's gossip.

Soph's relax and rap in the lounge during 16-17.

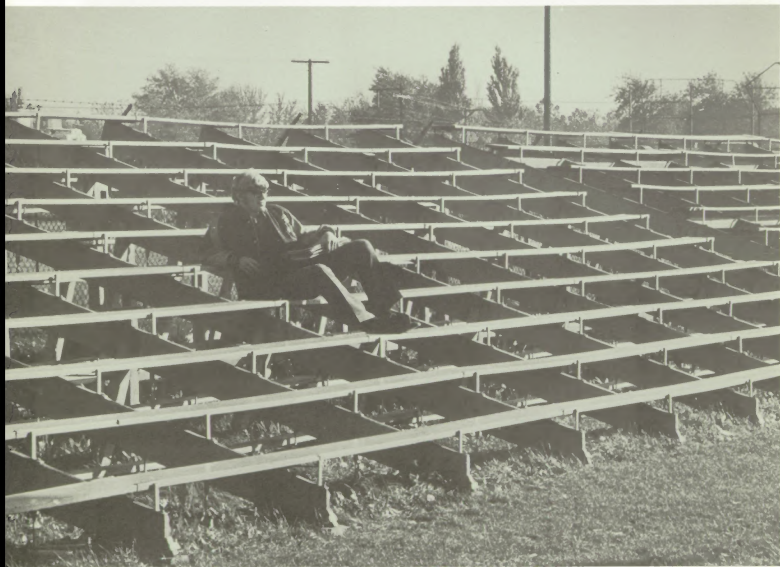

Sometimes a student can catch a cat nap before the 1st module class.

A couple takes a breather at the prom.

There are times when a person has to get away from it all.

There is a Feeling of Togetherness

Two heads are better than one.

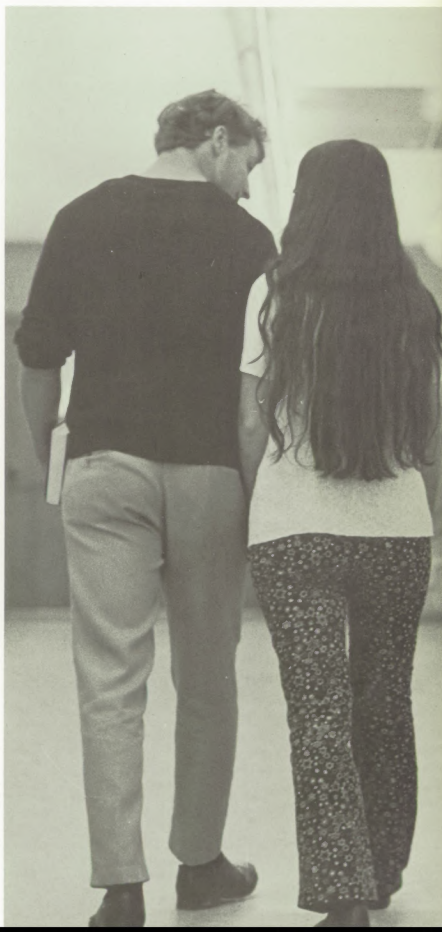

Homework is easier with someone close.

Couples enjoy the last dance.

A smile to give. An adventure to tell. All can be proudly shared with a friend
... or two.

Concentrated Study Brings Rewards

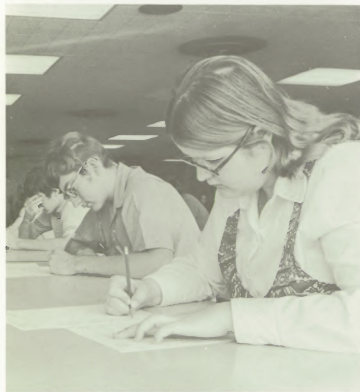

Learning and doing is the very essence of school living. It is participation in all aspects of Gavitt. Gavitt has a great deal of activities and programs for its students. Boys go out for sports and drill themselves in planned plays so that they will achieve the excellence required to participate in the game.

The high school choral department must learn and practice its numbers in order to do an excellent performance. Members of the drama department must learn their parts in order to put on good dramatic productions.

Every teacher requires his students to learn the necessary lessons by completing homework and preparing for tests. The high school newspaper reporter must learn how to meet deadlines in order to put out a quality paper.

Every aspect of Gavitt High School is geared toward students learning and doing their part for themselves and for the betterment of their school.

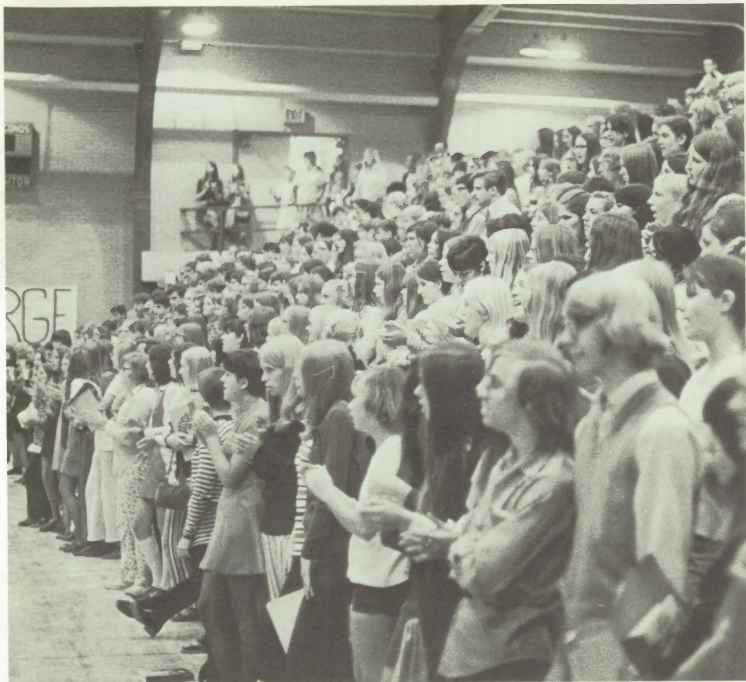

There are little reminders of school wherever you go.

Business World Studied in Depth

For students who are not planning on a college education, business courses are offered. As usual, typing and shorthand were in great demand as they taught basic business skills. To supplement this basic knowledge, students had a choice of several additional courses such as bookkeeping, transcription, sales, general business, and business law.

Bookkeeping students figured credit, debt, financial liability, and income, and then balanced them to the respective budgets. Shorthand included dictation tests which had to be successfully completed to pass the course. Transcription combines shorthand and typing skills, while business law and sales provide students with knowledge of commercial procedures which will benefit them in their future relations in the business world.

MRS. DIANA PANOZZO—English, Speech, Drama; B. S.-Indiana University; Speech Sponsor

By placing oneself in practical, regular, or college preparatory English courses, each student at Gavitt is allowed to work at his own pace to achieve success and the goal to which he has been working.

Being the largest department at Gavitt, the teachers make an effort to relate to their students the necessity of having a well-rounded background in English. The many electives to choose from try to provide this by offering many courses of study that interest the youth of today.

One may make use of the drama courses and facilities available or enroll in courses in efforts to obtain self-confidence. The journalism, newspaper, and yearbook classes give the student a chance to put his individual talents to work.

Students Enjoy the Arts

The Fine Arts Department at G.H.S. has been quite active in working together this year. The art classes, in addition to special art projects, helped with scenery for the concerts. The band and choir performed a joint Christmas concert this year. They each performed separate fall and spring concerts, also.

The drama department gave four dif-

ferent performances: "Harvey," "Scenario by Julian," the Three Act plays ("To Burn a Witch," "Two Bottles of Relish," and "Happily Ever After"), and "The Miracle Worker." The highlight of this year in the fine arts department was a special program called a "fine arts festival" in which the groups displayed their talents and work.

MISS LESLIE DALLAS—Spanish; A.B.-Indiana University; High School Spanish Club Sponsor.

Language can be studied in depth at Gavit. In the first and second years of language students learn reading and basic grammar. The third and fourth years students increase their vocabulary and read more extensively. Students who take more years of a language can participate in the Indiana University Honors Program. In this program, if they pass a series of tests, they will be able to study abroad in the summer. The culture and customs of the languages can be studied through maps and films.

Spanish 7 students studied "Corazon de Espana" and viewed the film series of "Juan y Maria." French 3S class presented the play "C'est La Vie" along with the French 5 class. It depicted the life of American students in a French boarding school. French students viewed the film series of "Je Paille Francais". German students used the book entitled "Die Verschwundene Miniatur." The German 7 students used the books "Kleider Machen Leute" and "Der Richter Und Sein Henker."

The language laboratory also enabled the students to improve their speaking by having the students listen to tape recordings.

Gavit Introduces Life Science

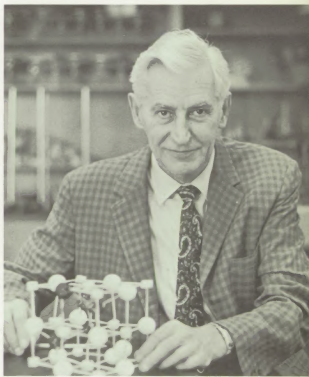

Lah assistants take time out to confer with Mrs. Reinke.

MR. MICHAEL KOBE—Biology; B.S.-Purdue University, M.S.-Ball State University; Chairman of Science Department; Sponsor of Conservation Club.

The science department had a new course this year. It was called Life Science. This is a more generalized science course and it covers many aspects of biology and science in total. It is mainly for those students that do not plan to go to college but want to take some science courses. They do not have to compete with the college-bound students for grades, but rather with other students that do not plan to go to college either.

The 3C-Cell Biology class studied the many different types of cells, their functions, and what good or harm they do. The 3A-Anatomy class studied the different parts and functions of the human body and many other animals. Then they dissected the animals so that they could locate and further understand the parts of the animals body.

"Ooh-oh, you put too many eggs in it!"

This year, Gavit's home economics department worked with much endeavor on mastering homemaking techniques. Boy's food classes began with the preparation of breakfast foods, then gradually progressed to more difficultly prepared meals. They also learned other homemaking necessities such as table setting, manners, planning meals, shopping, and basic principles of cooking and nutrition. Girl's food did much of the same meals. By applying the cooking fundamentals of their past experiences, the girls prepared baked goods besides their complex dishes.

Seamstresses in the Clothing 1 and 2 classes learned the basic fundamentals of sewing. Clothing 3 and 4 applied their skills for more advanced projects as coats, suits, and dresses.

MR. JOHN MOLNAR—Industrial Arts, Math; B.S.—Purdue University, M.S.—Indiana State University; Jr. High Student Council Sponsor.

The Industrial Arts Department at Gavit has offered many types of courses for the students to develop their skills. Metal shop described the material and operations involved in metalworking occupations. In mechanical drawing, students drew blueprints and three dimensional figures. Woodshop students learned the art of woodworking by constructing certain projects, and the power mechanics class studied the application of power and basic functions of electrical energy. Also offered were graphic arts classes and printing.

After one basic assignment, those enrolled in the shop classes were allowed to make something of their own choice. Among the favorite projects were ashtrays, bowls, steins, and wooden shelves. The department gives students a chance to use new kinds of machinery and hand tools in industry.

Mathematics Is the

The Math courses at Gavit are separated into three parts: general, college-prep, and U.I.C.S.M.

General math gives the students who do not plan to go to college a basic understanding of mathematical principles.

The traditional college prep courses of algebra, geometry, algebra-trig., and analysis make up a two to four year program. These courses prepare students for the ever-increasing competition of colleges with an understanding of the areas at the high school level. And so for another year freshmen struggle with new algebra

formulas, sophomores ponder geometric proofs, juniors use algebra to solve quadratic equations and linear functions in algebra-trig, and seniors prepare for college calculus in Math analysis.

U.I.C.S.M. students use experimental self-discovery methods to learn and understand more complicated concepts.

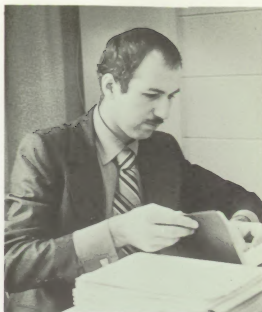

Over 1000 students were enrolled in math courses this year making the math department, led by dynamic Mr. Del Greco, one of the largest at Gavit. The greatest enrollment was in the traditional college prep program.

Gavit Students Stay Fit With P.E.

"One, Two, Three . . ."

In order to do their best in classes or at work, students must be physically fit. One year of physical education fitness improvement is required of all Gavit students through physical education classes.

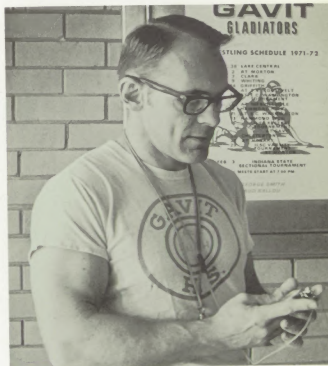

The girls classes include such sports as basketball, bowling, field hockey, track and field, gymnastics, tennis, and volleyball. The boys classes are also taught basketball, and track and field, in addition to football, wrestling, handball, and fishing.

Through these classes the students learn not only the proper rules of the various games played, but also good sportsmanship, which is important in all aspects of life.

This year, Gavit made an addition of a swimming-wrestling area to the school. Swimming classes will not begin until next year. However, the wrestling area received a good work-out from the boys practice.

MISS DIANA CLINTON—Sociology, Government; A.B.-Houghton College, M.Ed.-University of Buffalo; Student Court, Social Studies Department Chairman.

Social Studies Arouses Interest

Today's World was opened to Gavit students through the courses of government, economics, psychology, sociology, world geography, and contemporary history. Students knowledge of past history was widened through world history, United States history, and Afro-American history. Knowledge of the past is an essential element to understanding the present and contemplating the future.

Social studies, and its electives, implants an interest in individuals to investigate the unknown, the uninhabited lands, and uncivilized cultures. Each student realizes that there is so much to explore when he looks past his own front door—into the wild and wonderful world.

The special education department has blind, partially sighted and EMR students. This year the special education students received a specially equipped room donated by the Woodmar Lions Club. Their new carpeted room, which is located across the hall from the library, has such facilities as brailers, large print books, and a complete set of brail World Book encyclopedias and dictionaries. Students are allowed to use this new room during homeroom and study halls.

Special education students had many study resources to use in their new room.

FOOTBALL

The G-Men at one of their many practices.

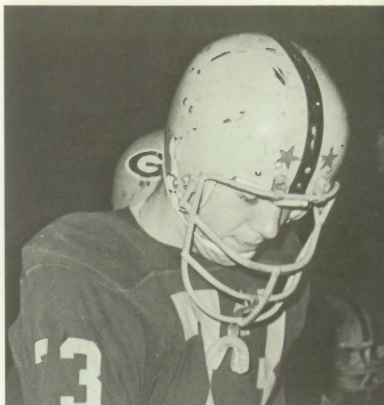

Gladiators Varsity Football team, competing in the Indiana Lakeshore Conference, placed in the conference by receiving a third. Their record was 3 wins and 6 losses. One squad was victorious over Whiting, Chicago Bowen, and Clark in conference games, and over East Chicago Roosevelt in a non-conference game. The overall record was 4 wins and 6 losses.

Outstanding players included senior Alan Stephens (halfback), senior captain Joe Labus (linebacker), junior Bob Littlejohn (linebacker), senior Bill Kozlowski (offensive end), and junior Merrill Clark (excellent punt return man).

This was the second year as head football coach for John Quinn. The mighty Quinn helped put enthusiasm and spirit into the team as well as the fans.

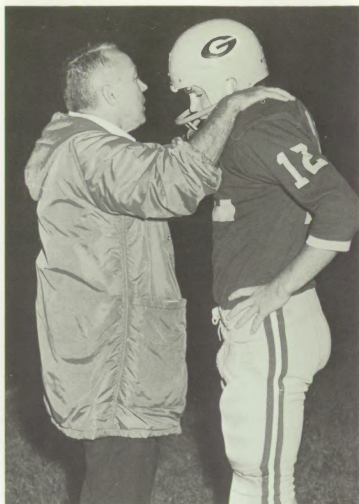

Mr. Football Joe Labus, and Bob Littlejohn made the All Conference Team as linebackers. Honorable mentions were given to halfback Alan Stephens, defensive end Dave Prugh, and offensive end Bill Kozlowski.

TO STATE

Moving on to another victory.

Hats on to another victory.

Gavit's tennis team is proud to have Webb Hayne, State Tennis Champion in the state of Indiana, on their team. The latter part of September he won sectionals and in the following week he took Regionals in Gary. On October 16, in Indianapolis, Webb beat the 1970 single's champ, Charlie Ellis, in his first match. Then with the final match he took the state championship.

Under the leadership of a new coach, Mr. Tom Shimada, the tennis team ended another victorious season by beating Hammond Clark, Hammond Tech, and East Chicago Roosevelt. Gavit has established the reputation of one of the best teams around. Tennis is one of our best areas of competition. The letter winners of the year were: Webb Hayne, Mark Bechtel, Ben Rubin, John Kish, Ed Reiter, and Tom Riley.

Another record for Jerry Parsley on the 2 mile run.

"Hey you guys—Wait for me!" yells Mark Sandor as he bounds over a low hurdle.

Cindermen Rate 3rd in Sectionals.

"On your mark . . . get set . . ."

TRACK TEAM: Row 1-Mike Lozano, Don Thomas, Ray Hawkins, Jerry Parsley, John Krakowiak, Dan Ford. Row 2-Jim Nagel, Brad Black, Marty Freels, Jerry Dankenbring, Mark Fleetfoot, Steve Hastings, Mr. Earl Fruchling (coach).

The Gladiator fleet-footed cindermen, coached by Mr. Earl Fruling, had a fine record this season. In the Spring of 1971 we had one state competitor. Herm Hoge placed 8th in the state for the long jump. In sectionals, Al Stephens was champ for the 100 yard dash and 1st in the 220, Herm Hoge was 1st in the long jump, and Dave Prugh was 2nd in shot put. The team as a whole came in 3rd place in the sectionals, losing only to Highlands and Hammond High. Gavit also placed 3rd in the Hammond Relays.

Conference champs were Tim Fleener on the 120 yard high hurdles, Jerry Parsley for the mill run, and Dave Prugh for the shot put. A new record was set in 1971 for the 2 mile run by Jerry Parsley. He broke the previous record by running the 2 mile in 9:46.

Outstanding trackmen who are back again this season are: Tim Fleener on the 120 yard high hurdles, Jerry Parsley, John Krakowiak, Mike Lozano, Dave Bell, Jim Nagel, and Don Thomas as mile and 2 mile runners; spreaders are Al Stephens, and Pete Boldin; Garry Weldringer, Larry King, Pete Budreau, Steve Hastings, Dan Ford, and Ray Hawkins are running the quarter mile; the 880 yard relay is going to be run by Dan Ford and Ray Hawkins; Paul Bergstrom and Jeff Bond will do the pole vault; Ray Hawkins-high jump; long jump is by Herm Hoge and Larry Hebda; shot put- Dave Prugh; Mark Sanders and Tim Fleener on the 180 yard low hurdles.

Despite weather conditions, the harriers practice twice a day, before and after school, to promote the ability of the team.

Go get 'em, Fleener!

Merrill Clark races for home.

"Come on you guys! Aren't I a good enough target for you?"

'Fireball' Federoff flings another fast one.

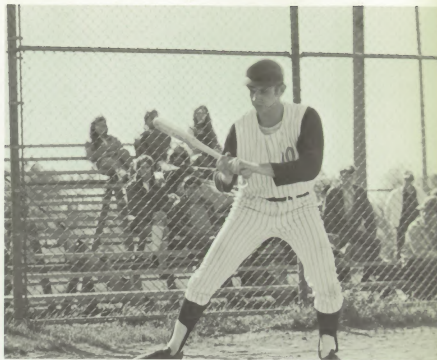

BASEBALL

Gavit's diamond-men, coached by Norm Banas and Paul Brush, looked forward to an exciting season in 1972. Last season the team had an excellent record of ten wins, twelve losses, and one tie. The boys were ready to do better this year and planned on being first-rate contenders for the conference championship.

During the previous season, with the batting power of 1971 graduate Dean Steinkraus and the pitching power of Jack "Fireball" Federoff, Randy "Chops" Lammertin, Jeff Schwartzfager, and Joe "Blazin'" Baliga, the Gavit Glads had a very fine showing. The GHS baseball team were sectional runner-ups and placed 6th in the conference. Their strong points were pitching and hitting.

Returning this year to lead the Glads to more victories was senior Randy Lammertin. Returning Lettermen are Larry Vazonis, Dave Horvath, Bob Grazek, Merrill Clark, Randy Scott, Tom Michna, Tom Skiba, and Bob Littlejohn.

Tom Skiba keeps his eye on the ball.

"This uniform is gonna hafta go in the BIZ BAG."

Golf Team (from left) Row 1: Doug Kunnemann, Dan Porkowski, Dave Kutscher, Ronnie Kotso, Larry Connell, Jeff Wendell; Row 2: Steve Connell, Rory Mack, Chuck Wilkens, Dinnis Whitfield, Bill Neubauer, Alax Milo.

The golf team, coached last season by Mr. Joe Goodnight, was led last season by 1971 graduates Kim Karlen, Terry Hlavaty, Terry Irk, and Al Kotso, and this year's seniors Larry Connell and Dan Piorkowski. They had a promising year with many victories.

This year the golf team is led by a new coach, Mr. Tom Shimala. Although most of the team was lost at graduation time, the remaining golfers proved to be excellent. The rest of the team was young and fairly inexperienced, but should be stronger next

year, due to experience gained this year. At least they know the difference between winning and losing and know how to take a loss.

GAA

Gavitt girls, under the coaching of Miss Kelly, did extremely well in all sports again this year. The volleyball team finished fifth in the state and both varsity and B-team basketball teams finished the season undefeated.

The GAA is one of the largest clubs at Gavitt. President is Donna Cooley, vice president, Katherine Stahl, treasurer, Pat Burdyl, and secretary, Sharon Meier.

Sports that the GAA participated in included field hockey, basketball, badminton, table tennis, track, bowling, volleyball, gymnastics, and softball. "Powder-Puff" football and swimming were added this year and both are already among the most popular sports. One of the highlights of the year was the "Powder-Puff" football game in October. Sophomores won over freshmen, and the seniors beat the juniors.

Many of the members do not participate in organized team sports but come out only to have fun and to keep in shape.

Jump high, Burdyl, jump high!

SCHOOL LIFE

1972

"Today is the first day of the rest of your life . . ."

Yesterday is over; you cannot undo what is already done. The experiences have left memories—both pleasant and painful. But you have gained by those experiences and they have molded your life.

You can make of your life whatever you want. Today you can make someone happy, you can make someone sad. The world lies before you, grasp of it those things that would fulfill your dreams and meet your expectations. Opportunities will not come to you, you must reach out and seize what you desire and need.

Tomorrow lies ahead, though it is promised to no one. The unknown is out there, and with it your future, but you must wait and be patient.

Live your life full, and with enthusiasm, but when you move on leave a part of you behind—a laugh, a smile, a memory of good times. Something for others to remember you by. Something worthwhile. Something wonderful.

Because someday you will want to share your life, your dreams, and your hopes with another and your lives will be as one. So decide what you want out of life and then grasp it with all the energy you have. For you have only one life, and only one chance to succeed in this wide world of trials and tribulations. Open each door, for therein awaits a new adventure, and new friends, and new hope. Travel life's road and follow its path. If you lose yourself, turn around and find a sympathetic friend to show you the way.

Don't live in dreams, but in the realization that anything you want can be yours if you strive for it. Don't live in memories, though they may comfort you in times of lonely solitude. Don't forget for the future for tomorrow; because tomorrow never comes.

My friend live for today . . .

New Pool Facilities Are Opened

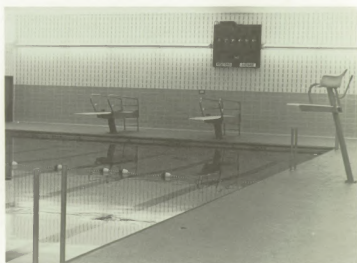

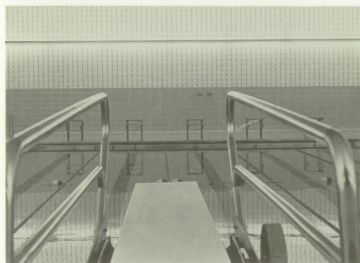

The Gavit pool and wrestling room were completed and well used this year. The pool is complete with six Olympic race lanes and two diving boards. Bleachers are provided along with scoreboards to time the races.

Upstairs is a wrestling room 83' by 36' and a training room for exercise.

The wrestling equipment was purchased by the Booster Club. Students also collected green stamps to attain the fine machine which can be used by seven students simultaneously.

Shower rooms contain 40 lockers, automatic shower control, and teacher offices. Hair dryers are provided for girls. The floors are covered with Camelex, providing safety and long-life.

"HARVEY", by Mary Chase, was the first dramatic production of the year. It was directed by Mr. Roland Unkuri and was presented on November 19th and 20th.

"Harvey" is a comedy that takes place in the 1920's. The play begins with the introduction of Elwood Doud, a mild-mannered alcoholic oddball. His sister, Veta, thinks he is crazy because he talks to an invisible white rabbit named Harvey. Veta tries to have Elwood committed, but she is committed instead. It ends up "happily ever after." Veta decides she would rather have Elwood, invisible Harvey and all.

The freshmen show their pep by cheering for the basketball team.

Would You Believe???

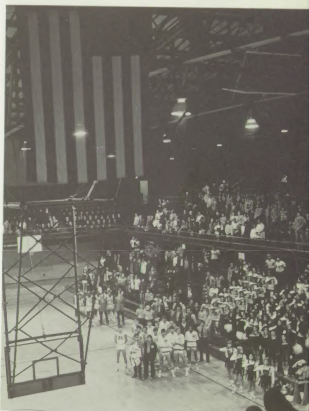

Would you believe . . . Mr. Chintis, cool calm and collected . . . Paul Concialdi teaching government . . . Mr. "Larry" DeBoer checking on his "pee-pul" and handing out "rinky-dink" summons . . . Seniors turning eighteen and being responsible enough to vote . . . mature members of the Class of 1972 keeping quiet at a basketball game . . . a severe weather drill, or student protest, call it what you want . . . Joe Labus chuckling down 22 dips while over 100 dips watch . . .

And A Special Thanks . . .

to our advisor, Mr. 'Moon' Mullins, whose hard work and encouragement helped us to put out this yearbook, with his little bits of "You must be kidding", or "I don't believe it." . . . to all of our teams for their fine record upholding the Gavit name . . . to the students for their support and spirit . . . to Harry Dudzik, our *fantastic* photographer, who did the photography for the Futura, and who came up with so many ideas for "different" pictures . . . to the custodians for keeping the halls and washrooms clean . . . and to our terrific and diligent faculty, whose concern for the student was overwhelming . . . Thanks again!

AN OPPORTUNITY TO SERVE

An opportunity to serve awaits industrious young men and women at Northern Indiana Public Service Company. As one of the top gas and electric distribution utilities in the United States, NIPSCO is constantly looking for new processes and methods of efficient operation. These include atomic power generation, extra high voltage transmission, underground electric distribution, computerized system planning, underground storage of natural gas, community analyses and electronic data processing.

***Ready to grow with
a growing company?***

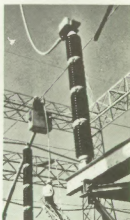

IN AN ATMOSPHERE OF GROWTH

NIPSCO is one of the highest-paying utilities in the State of Indiana. Its attractive employee benefit package—tuition refund plan, vacations, holidays, life insurance, comprehensive medical insurance, pensions, etc.—provides an atmosphere for individual growth. Fifteen leading colleges and universities are strategically located throughout its service area with others available in the greater Chicago area. Drop in. We'll be glad to talk jobs with you.

High School is a waste of time . . .

. . . unless you find a job that turns you on and makes good use of your education. Inland Steel wants only people who want to use everything they've learned in high school—and strongly desire to grow personally and in their chosen field.

Inland's future growth depends on the creativity and productivity of its people. If you want a really challenging opportunity to contribute—with the rewards and responsibilities that go with it—Inland wants to talk to you.

We need action-seeking graduates for opportunities in clerical . . . production . . . technical . . . and craft apprenticeship areas.

Think it over. If you have high aspirations and a good high school record, take time to find out about a career with us.

An equal opportunity employer

I've been gone a long time now, along the way I've learned some things. You have to make the good time yourself, take the little times and make them into big times, and save the times that are all right for the ones that aren't so good.

Paula Gibbs, Academics Editor

Our Advisor, Mr. Robert Mullins, laughs with fear at the sight of his 11 diligent working yearbook staff members.

The End of It All . . .
